Dear Parents,

I am delighted to say that the products in this year's catalog are our best ever. Once again, we've combined the finest materials, the highest quality components and expert craftsmanship to offer you and your children years and years of active play and family fun.

Introducing exercise to kids just comes naturally to us. What's more, our Swing Sets develop imagination and self-confidence as surely as they develop balance, strength and coordination. It's thinking like this that has made Creative Playthings the largest full service seller of residential swing sets in the world.

I invite you to experience our products in person at one of our retailers. And please, bring your experts with you. After all, only your kids can help you decide which Creative Playthings system is right for your family.

At Creative Playthings, we understand the preciousness of your children and encourage you to spend time with them on the Swing Set. And take lots of pictures. Those pre-teen years really fly by!

Sincerely,  
Donald E. Hoffman  
President & CEO

# A History of Creating Fun

Beginning with a single store on West 95th Street in New York City, and a line of hand crafted wooden toys, Creative Playthings has evolved quite a bit since 1951.

Over the last half-century, our products may have changed, but our focus has never faltered. Our goal has and always will be to provide simple and beautifully designed "playthings" that promote and develop a child's creativity and imagination.

Help your child go from **THIS...**  
**TO THIS**

## The Fitness Challenge

Today's children need us more than ever. It's a well-documented medical fact... kids physically need outdoor play. In a child's early years, play – particularly active play – is crucial to a child's physical, emotional and intellectual development, yet keeping children active these days is a constant challenge. High-calorie treats beckon from everywhere. Mobile devices, television and video games steal precious time that could be better spent playing outdoors.

The fact is, Creative Playthings Swing Sets get kids moving. Our products are created specifically to foster the development of motor skills and large-muscle development. Your challenge is to raise a healthy, happy, active child. We're here to help.

# Made in the USA

## It's far more than a catchphrase. It's our commitment to you.

In these economic times, "Made in the USA" has become more important than ever. Creative Playthings is proud to report that we've been an American manufacturing company for more than a half-century, and not in name only. When you invest in a Swing Set from Creative Playthings, you're "buying American".

The facts are these: Many of our competitors have either scaled back domestic production or closed their factories in favor of importing end product from China. Meanwhile, Creative Playthings has been sourcing our lumber, the very heart of our Swing Sets, from our nation's southeastern states. The reason: Southern Yellow Pine is the best there is.

While we can't say that every single component of our Swing Sets are sourced domestically, the primary raw material of our Swing Sets, and all of the labor that goes into processing that lumber, grows and happens here. At Creative Playthings, we're not only getting more American kids playing... we're keeping more Americans working.

(Reference # YORKP1C)

# The Beauty of Southern Yellow Pine Runs More Than Skin Deep

Strong, beautiful and renewable, Southern Yellow Pine lumber is widely known for its proven quality and longevity. Small wonder it's the preferred choice for today's design/build applications.

We understand the importance of quality and over the years have experimented with all the other species of lumber, including China Fir. Southern Yellow Pine is the clear winner enabling us to provide you, with confidence, a Lifetime Warranty on all wooden components.

- **Superior Strength and Stiffness** Southern Yellow Pine is the strongest softwood structural lumber species, as published in the National Design Specification® (NDS®) for Wood Construction. Design values for Southern Yellow Pine are the highest of all commonly used wood species.
- **Highest Density** Southern Yellow Pine also has the highest density of all structural lumber species, providing superior fastener holding power and load bearing capacity.
- **Best Treatability** Southern Yellow Pine has long been the preferred species for pressure treatment because of its unique cellular structure that permits deep, uniform penetration of preservatives. Some 85% of all pressure treated wood produced in the U.S. is Southern Yellow Pine.
- **Natural Beauty** Southern Yellow Pine offers a distinct grain pattern and an appealing golden color. Because of this natural beauty, exposed Southern Yellow Pine provides architectural appeal.
- **Widespread Availability** Southern Yellow Pine is an abundant and renewable resource, growing in a vast band across the Southern United States from East Texas to Virginia. Nearly 400 manufacturers produce Southern Yellow Pine lumber, making it readily available.
- **Proven Quality** Southern Yellow Pine lumber is graded in accordance with the Southern Yellow Pine Inspection Bureau (SPIB) Standard Grading Rules for Southern Yellow Pine Lumber.
- **Green Building Material** Choosing domestic Southern Yellow Pine, a product grown in the USA is not only a good environmental choice but also an opportunity to support local economies.

**1** All our Swing Sets are **Made in the USA.** From our factory located in Emporia, Virginia, we proudly keep more American kids playing and more Americans working.

**2** The primary wood used in our Swing Sets is American grown, **Southern Yellow Pine.** Strong, beautiful and renewable, Southern Yellow Pine is widely used for it's proven quality and longevity.

**3** We are so confident in the quality of our play systems and our factory controlled, non-toxic treatment, that we proudly offer a **Lifetime Warranty** on all wood components.

**4** Our unique **Thru-Bolted Flush-Fit** fastening system, eliminates exposed hardware, allows for tightening and helps to maintain a rock solid Swing Set.

**5** Our Hardware is recessed-drilled and covered with our own color coordinated **Plastic Caps** that fit flush against the surface of the wood.

**6** All our ladders feature **Textured Galvanized Steel Rungs**, with a powder coated, non-slip finish to provide a sure-grip and safe footing. Protective collars finish off the rungs.

**12** reasons why **Creative Playthings** play systems are right for you and your family.

**7** Creative Playthings Swing Sets are completely modular. Our **Design Flexibility** is a signature advantage over other manufacturer's products.

**8** **Deluxe Hand Grips** aid climbers when an extra little grip is needed.

**9** Our innovative **Molded Plastic Steps** provide the largest flat surface area for easy climbing. This industry exclusive design also offers additional hand gripping for added safety.

**10** All Swing Beams come equipped with our innovative **T-Brace** support which allows for installations on non level ground.

**11** **Plastic-Coated Swing Chains** provide a better grip and ensure "no pinches" for children's little hands.

**12** Our **Heavy Duty Ny-Glide® Swing Hangers** eliminate the need for additional clips with our innovative design, making it easier to adjust or change swing activity.

# Product Modularity

## Design Flexibility means Countless Configurations!

Since no two families are exactly the same, we firmly believe that no Play Set should ever come "as is". Every Creative Playthings Swing Set has been designed to be completely modular to ensure that our customers are able to construct their ideal Swing Set à la carte! That said, we understand that the prospect of what we call "Countless Configurations" can be a bit intimidating. So let's go through the process of what goes into every Creative Playthings Swing Set!

## Start with the Gym!

The "**Gym**" is the central component of every Swing Set. This two story play tower comes complete with an **Access Ladder** and **Slide**. It is where accessories like Rock Climbing Walls and additional Play Decks will attach.

If you aren't interested in adding swings, every Gym can be purchased as a stand alone play structure.

*(Using Lexington Gym for illustrative reference)*

Every Series of Creative Playthings Swing Sets is built around a uniquely styled Gym. No two are exactly alike!

## Add a Swing Module!

No matter which you choose, any of our Swing Modules will transform any Creative Playthings Gym into a "Swing Set"!

Every Swing Module includes the following: (3) Sling Swings & (1) Ring Trapeze.

### Choose Your Swing Module!

**7' Swing Beam Module**

**9' Swing Beam Module**

**7' Top Ladder Module**

All Swing Modules include: 3 Sling Swings, & Ring Trapeze.

## Add Your Accessories!

After you have selected your Gym and Swing Module is really when our concept of "Countless Configurations" comes into play! Do you want a Clubhouse or a Picnic Table? A Rock Wall or an extra Slide? Two extra slides? Three? These are the choices that are almost as fun to make as the set will be to play on!

Both of these fantastic Swing Sets started with the same Lexington Gym, but look how different they turned out! Your choice of Swing Module, Roof and any other Accessories can make all the difference in the world. At Creative Playthings, we truly have the perfect Swing Set for every family, and that is the beauty of modularity!

# The Creative Process goes on and on...

## Twice the Swing Set for Three times the Kids!

If you are looking for an even bigger Swing Set, you may be interested in one of our **Combination Sets**. Every "Combo Set" is comprised of two separate Gyms connected using a Crawl Tube or Connecting Bridge. The results are endlessly diverse and more than often, breath taking!

*Lexington Series Gym

*Lexington Series Gym  
with Wood Roof*

## Picture Your New Swing Set in a Play Zone!

No matter what your Swing Set looks like, it always looks better in a Play Zone! We can design a custom Play Zone to fit any Creative Playthings Swing Set you can possibly imagine, using borders, rubber or wood mulch, felt and 1" thick rubber wear pads for every swing or slide (to help prevent displacement of mulch).

See pages 32-33 for more information on Play Zones!

## A Swing Set that grows with your child.

There is no denying it, our kids grow up too fast. But when you choose a custom Creative Playthings Swing Set over an "as is" model from one of those big box stores, you are planning for the future. The simple fact that our products are modular, means that any Swing Set you buy **today**, can be added onto **tomorrow!**

We have exciting accessories that will challenge and entertain children of all ages. And what makes a better present than a new Clubhouse on their already beloved Swing Set? Perhaps you've recently had a second child and decided that as a special present to both kids, it's time to turn that existing set into a Combo Set! Or maybe you passed on the Play Zone option before but have since changed your mind. It's never too late. We'll move your existing Swing Set, install your new Play Zone and by the time we're done you'll swear it was there all along!

Remember that whatever you choose to do, Creative Playthings will be there to accommodate your every need. Not just on your initial sale, but for years to come.

# Accessories

## Skybox Playdeck

Looking for high adventure? The Skybox Playdeck truly takes your set to the next level! Best of all, you can add a Spiral Slide, a Swoosh Slide, and/or a Pinnacle Rock Wall. And for the finishing touch, be sure to add either a Conestoga-Style Fabric Roof or a Wood Roof!

Available on the Williamsburg, Lexington, Ridgefield & Yorktown sets. 7' High platform extends 51" from gym.

**Skybox Playdeck** with optional Wood Roof, Spiral Slide, Bubble Panel, and other accessories.

**Direct Connect Spiral Slide**  
Available on Lexington and Yorktown sets.

## Spiral Slide

This enormous spiral slide connects to either the optional Skybox Playdeck Manchester Fun Deck, or directly to your Wood Roof Gym. Available on all sets

**Manchester Fun Deck** with optional Wood Roof, Swoosh Slide, Spiral Slide, Pinnacle Rock Climbing Wall, Bubble Panel and other accessories.

**Built-in Monkey Bars INCLUDED!**

## Manchester Fun Deck

The perfect combination of high adventure and monkey bars all in one! You can even add a Spiral Slide, a Swoosh Slide, a Pinnacle Rock Climbing Wall and then finish it off with a Wood Roof on top!

Available only on our Manchester set.

## Swoosh Slide

Our biggest slide is the ultimate thrill ride for kids. This wavy 14' jumbo slide connects to either the optional Skybox Playdeck, Manchester Fun Deck or directly to your Wood Roof Gym. Available on all sets

**Direct Connect Swoosh Slide**  
Available on Lexington and Yorktown sets.

## Veranda Playdeck

This extra deck provides more room for your child to play, without being quite so high off the ground.

Available on the Williamsburg, Lexington, Ridgefield & Yorktown sets. 4' High platform extends 51" from gym.

## Bubble Panel

Whether they gaze out upon ocean depths or the surface of the moon, this stylish wall panel will surely spark your child's imagination! Available on all sets

## Tic-Tac-Toe Panel

Your toddler will love playing this classic game! Fun to play next to a friend or with either mom or dad standing on the other side! Available on all sets

## Dormer & Gable Fans

Architectural details that enhance any set. Gable Fans are sold as a pair.

Available on wood roofs only.

## Connecting Bridge

Cross the treacherous waters from one "ship" to another on this sturdy 8' Connecting Bridge.

Available on all sets, excluding the Manchester.

## Crawl Tube

Kids love the adventure of crawling from one Gym to the other in this heavy duty 5' Crawl Tube!

Available on all sets, excluding the Manchester.

## Wave Slide

Our entry level 10' slide comes standard with every 5' high platform gym.

Available on all sets, excluding the Manchester.

## Scoop Slide

Our most popular upgrade! The 10' scoop slide has a wider, deeper design, for older kids to slide too!

Available on all sets, excluding the Manchester.

## Super Wave Slide

Our premium, top of the line, heavy duty 10' slide will keep your kids entertained for years to come!

Available on all sets, excluding the Manchester.

## Rock Climbing Wall

The smooth plastic “rocks” are positioned to encourage younger children to use them as hand and foot holds. The Rock Climbing Wall is a favorite add-on accessory for children of all ages.

Available on all sets. Standard on Manchester.

## Cargo Climber

Yet another challenging way for children to develop hand/eye coordination & balance. The Cargo Climber features thick soft rope.

Available on all sets, excluding the Manchester.

## Wood Ramp

The Wood Ramp is a popular accessory that challenges the child’s coordination and motor skills. The Wood Ramp makes a great gift idea too!

Available on all sets.

## Pinnacle Rock Climbing Wall

The ultimate climbing challenge! The Pinnacle Rock Climbing Wall extends the full height of the Gym. The Pinnacle is designed for older children and should not be used by children under 6 years unless assisted by a competent adult. Available on all sets excluding the Manchester.

Available on Manchester Fun Deck.

## Deluxe Rope Ladder

Climb to new heights, with this Deluxe Rope Ladder.

Available for Lexington and Williamsburg gyms.

## Monkey Bars

A childhood favorite! Your kids will love this hand-over-hand activity as much as you did at their age! Available on all sets, excluding the Manchester. Available on Manchester Fun Deck.

## Fireman's Pole & Chin-Up Bar

Staying fit has never been so fun! Your older kids will love these challenging accessories! Available on all sets, excluding the Manchester. Fireman's Pole and Chin-Up Bar sold separately.

## Tire Swing Module

Spin around freely in any direction! Available on all sets, excluding the Manchester. Cannot be sold as a separate stand-alone accessory and requires separate Swing Beam for mounting. Must be attached to a gym.

## Clubhouse

Give your children a special kid-sized place of their very own! They'll spend countless hours playing and socializing with friends, while in the comfort and safety of your backyard. No grown-ups allowed! Available for our Williamsburg, Lexington, Yorktown and Ridgefield Gyms. Play Floor & Flower Box sold separately.

## Flower Box & Shutters

Transform any clubhouse into a home with these enchanting details. Available for all clubhouses.

## Built-In Picnic Table

Perfect for snacks, arts and crafts, or just hanging out in the shade. Available on all sets, excluding the Manchester.

## Lunch Counter

This play surface is great for taking a breather or having a snack, and still allows for Play Walls or a sandbox. Available on all sets, excluding the Manchester.

## Play Walls & Floor

With a set of custom Play Walls and a Play Floor, you can add a ground floor. It's like having a two level Play Set! Available on all sets, excluding the Manchester.

## Sandbox Cover

Keep out unwanted guests with our Sandbox Cover. The reinforced vinyl is secured with 'hook and loop' strips. Available on all sets, excluding the Manchester.

## Access Ladder Rails

Adds extra stability for climbing the access ladder. Available on all sets.

## Slide Handle

Provides an extra boost for super fast sliding! Available on all sets.

## Deluxe Hand Grips

These "ergonomic" Hand Grips provide superior gripping capability for all ages. Available on all sets.

## Telephone

Ring! Ring! Your child will love talking on this classic styled plastic Telephone, which comes complete with hand set, mountable base and unlimited minutes!

## Periscope

Up periscope! This great accessory can transform any gym into a submarine! Comes with "shatter proof" reflector mirror for those rough expeditions.

## Telescope

What's that on the horizon? Who knows what "far off" visions she will see, when she looks through this pivoting play Telescope?

## Binoculars

What a view! What better way to spark his imagination than with these jumbo play Binoculars?

## Steering Wheel

He steers left! He steers right! Only one car left to beat! Your child can cross the finish line any time they want with this durable Steering Wheel!

## Ship's Wheel

Ahoy maties! Your little buccaneer can chart a course for adventure with this sturdy Ship's Wheel!

## Sling Swing

The gold standard in swings! This flexible polymer seat molds to the child for comfort and security. Easy to master for years of swinging fun!

Available in Rope or Chain.

## Ring Trapeze

Your future Gold medalist will build arm strength, coordination and confidence, as they master this challenging Ring Trapeze!

Available in Rope or Chain.

## Stand 'N Swing

Our most popular swing! The Stand 'N Swing's low center of gravity adds a measure of safety in the event of a fall.

Available in rope or chain. Not recommended for children under the age of 4.

### Infant Swing

The extended back gives the smallest swinger a secure feeling for his first swinging experience. Available in Rope only.

### Bucket Toddler Swing

The 360° design completely envelops the child for maximum security and safety. Available in Rope or Chain.

### Belted Toddler Swing

Provides extra support for toddlers who have outgrown their infant swing. Available in Rope or Chain.

### Adaptive Swing Seat

This swing's 5 point harness offers extra support for a child with disabilities. ADA compliant. Two sizes available.

### Buoy Ball Swing

A creative way to swing that stimulates the imagination and develops body strength. Available in Rope or Chain.

### Spinning Wheel

Children will build strength and coordination as they spin and swing the day away! Available in Rope only.

### Single Axis Tire Swing

Our twist on an old favorite! This plastic tire won't stain or collect water. Available in Chain only.

### Back-to-Back Glider

Children learn teamwork as they master this 2 person glider! Available in Rope or Chain.

### Disc Swing

Children will thrill as they spin around freely on this unique 360° swing seat! Available in rope only. All other swings must be removed from swing module prior to use.

### Traditional Swing Seat

Our tribute to the original is lighter and offers more support than classic wooden versions. Available in Rope only

### Wear Pad

Protects against ground indentations and helps prevent displacement of resilient ground cover. Dimensions: 24" x 39.5", 1" thick.

### HD Ny-Glide® Swing Hangers

These innovative heavy duty hangers make changing your swings quick and easy!

# Our Products at a Glance

Use this “at-a-glance” reference table to be certain you’ve found all the accessories and options available for the Play System of your choice. For a full list of available Swinging and Playing Accessories, see pages 24-29.

# Site Preparation

## Before installing your Swing Set

It is extremely important to select an acceptable, level location within your yard. The site must be at least 6' from any structure, such as a fence, garage, overhanging tree branches, clothesline or over head wires. Do not install the Swing Set over concrete, gravel, asphalt or any hard surface. Immeasurable accidents occur from falls; therefore we recommend installing a "Play Zone" around your new Swing Set.

## What is a Play Zone?

A Play Zone is an area around your Swing Set that transforms your yard into a safe and attractive play environment for your child. We will install your Play Zone using molded plastic borders, rubber or wood mulch, felt and heavy-duty 1" thick rubber wear pads for every swing or slide.

# Start Designing Your Play Zone!

Creating the perfect Play Zone to fit into your unique backyard is as easy as answering these five questions.

## #1: Which type is right for you?

Because no two backyards are the same, Creative Playthings offers two basic types of Play Zone for you to choose from.

Since they are both constructed out of the same quality materials, choosing between a "Standard Play Zone" and a "Contoured Play Zone" can be a matter of personal style, or one of necessity when determining the unique challenges presented by a certain backyard.

### Standard Play Zone

|                        |              |
|------------------------|--------------|
| 6" Borders & Spikes    | 26           |
| Area                   | 675.0 sq.ft. |
| Rubber Mulch - 3" Deep | 108 bags     |
| Rubber Mulch - 4" Deep | 147 bags     |
| Wood Mulch - 6" Deep   | 12 cu.yd.    |
| Wear Pads              | 5            |

### Contoured Play Zone

|                        |            |
|------------------------|------------|
| 6" Borders & Spikes    | 22         |
| Area                   | 450 sq.ft. |
| Rubber Mulch - 3" Deep | 72 bags    |
| Rubber Mulch - 4" Deep | 98 bags    |
| Wood Mulch - 6" Deep   | 8 cu.yd.   |
| Wear Pads              | 5          |

## FAST FACT:

"Contoured Play Zones" are the more versatile option, using far less materials than "Standard Play Zones".

Examples shown at right: Williamsburg Option 6 with Skybox Playdeck

Please note: 1 Bag of Playsafer™ Rubber Mulch = 40 lbs. or 1.55 cubic feet.

## #2: How many borders will you need?

Our Molded Plastic Borders are the building blocks of any Creative Playthings Play Zone. The rounded corners & wood grain texture offer a safe, attractive & kid friendly alternative to wood timbers. The total number of these borders will be determined by the individual Swing Set and the type of Play Zone you have chosen.

6" Molded Plastic Border & Spike

## #3: What kind of mulch do you prefer?

Play Zone Type and Borders aside, the most noticeable aesthetic of your Play Zone is the type and color of mulch you choose. In addition to Playground Wood Mulch, Creative Playthings offers **Playsafer™ Rubber Mulch** in four attractive colors. Made from recycled tires, Playsafer™ Rubber Mulch is the greenest type of resilient ground cover on the market. It is non-toxic, non-staining, and exceeds all CPSC guidelines.

Brown Rubber Mulch

Red Rubber Mulch

Blue Rubber Mulch

Green Rubber Mulch

Playground Wood Mulch

## #4: Interested in Wear Pads?

The icing on the cake! Wear Pads protect against ground indentations and helps prevent displacement of resilient ground cover. We recommend one Wear Pad for every swing or slide. Dimensions: 24" x 39.5", 1" thick.

(Reference #YORKP5C)

Rubber Wear Pad

## #5: How would you like your new Play Zone installed?

We offer professional installation and site evaluation. If you choose to install the Play Zone yourself, the materials can be delivered or you can arrange for pickup. Please note that Playground Wood Mulch is available in select areas only, and is not available for pickup.

The CPSC (Consumer Product Safety Commission) recommends a Play Zone in front of and behind the swings that is twice the height of the swing pivot, plus a clear space extending 6' around the play structure. The swing set layouts pictured in this catalog do not conform with CPSC recommendations. Play Zones that meet the CPSC guidelines are available. For detailed information, please refer to the "Outdoor Home Playground Safety Handbook" available on the Consumer Product Safety Commission website: [www.cpsc.gov](http://www.cpsc.gov)

# Building Memories

## Let us put the FUN in your backyard!

Creative Playthings play sets can truly fit any backyard! Here is what some of our customers have created using the Countless Configurations that are possible with our products! When the only limit is your imagination, what will your ultimate Swing Set look like?

## A Childhood to Last a Lifetime

When your child first encounters one of our Swing Sets, she'll see a whole world of fun. When you see a Creative Playthings swing set in action, you'll see a powerful tool for your child's development.

It begins with those unstoppable giggles. From the moment you first push your infant in a swing, you're engaging in parent/child interaction that can't be duplicated anywhere else. Even better, you're instilling a sense of physical well-being that can last a lifetime.

As she grows, her confidence builds. As a toddler and beyond, she develops the muscle coordination to swing the swing and the balance to climb ladders. In the elementary-school years, she masters new challenges, like the ramp or rock climber. Upper-body strength follows, thanks to such features as the monkey bars. Suddenly, your child possesses the strength, agility and confidence to fully enjoy and appreciate both her swing set and her widening world.

For years, a Creative Playthings swing set will remain a focal point for your child's outdoor social activity. Expect to see her friends there often. Expect to see the fort or the picnic table transformed into a conversation pit. The swing set is your child's world...**safe, secure and fun.**

# Know Your Warranty

## We've Got You Covered

Subject to normal use, Creative Playthings warrants to the original purchaser all wooden components, in their respective category, against insect damage and wood rot from the date of original installation. The lumber in Creative Playthings Premium Pine™ sets is covered by a **Limited Lifetime Warranty**. All plastic and fabric parts, including rope ladders, trapeze bars, chains and hardware are warranted for 1 year from the date of installation. Labor and installation is warranted for 30 days from the date of installation.

Within a 30-day period Creative Playthings will repair or replace, at our option, defective merchandise free of charge, provided that the defective part is a manufacturer's defect and not a seasonal check. Creative Playthings requires photographs of the part in question. The respective servicing center must be contacted for authorization for all warranty related service. All returns must be accompanied by a dated proof of purchase. After the 30-day period contact customer service at: **1-800-598-4997**. Creative Playthings will repair or replace (at our option) defective merchandise for a service charge, provided that the defective part is a manufacturer's defect and not a seasonal check. Creative Playthings requires photographs of the part in question.

It is the customer's responsibility to perform regular inspections and maintenance to ensure that the product is not prematurely aging. These inspections should include an evaluation of the stained finish, all ropes, chains, hardware and wooden components. A complete listing of replacement parts is available through your Creative Playthings retailer.

This Limited Warranty does not cover the labor or cost of labor for replacement of the defective item after 30 days; the cost of freight after the initial 30-day period; any incidental or consequential damages, cosmetic defects that do not affect the structural integrity of the unit; items damaged due to vandalism, acts of God, improper usage, improper installation or other abnormal conditions. Seasonal checks and surface cracks are natural characteristics of all outdoor wooden play equipment, and are not considered defects nor covered under this warranty. Creative Playthings cannot assume any responsibility for modification to, or accessories added to these products, other than those sold by Creative Playthings, Ltd.

This warranty covers residential installations and is not designed for commercial applications. This warranty gives you specific legal rights which vary from state to state. This warranty excludes all consequential damages. Some states do not allow the limitation or exclusion of consequential damages, so the above limitation may not apply to you.

Details are also available at: [www.creativeplaythings.com](http://www.creativeplaythings.com) or your nearest Creative Playthings retail location. **Note: We reserve the right to make changes in material and design without notice.**

## Checking is Natural

Q

### What is the difference between a "Check" and a "Crack"?

Wood, when exposed to the elements will develop "**Checks**". Checks are cosmetic, non structural and do not affect the strength or durability of the part. Checks are not covered by the warranty.

A

A "**Crack**" is a structural defect and goes through both surfaces of the wood. Usually, cracks are caused by some outside force such as excess loads or from being struck by some object. Cracked parts are covered by the Limited Warranty.

# At Home Sales Consultations

Finding the time to visit one of our showrooms can be a challenge; especially with a car full of little ones. Fortunately, Creative Playthings specialists are available for **FREE** at home sales consultations! \*

At a convenient time of your choosing, we can visit your home to assist you in designing the Swing Set which will best fit your space and your family!

## Every at home sales consultation consists of the following:

- Survey of backyard to determine if ground leveling is required.
- Placement recommendations for safe installation of play system.
- Design of custom play system using our online Design Configurator.
- On site order processing & scheduling of delivery & installation.

\* Available in most areas. Contact your local store to schedule a consultation TODAY.

## Additional Services

Unlike those "Big Box Superstores" Creative Playthings is there for you today and for years to come. As a full service retailer, we offer comprehensive services and maintenance plans to keep your Swing Set looking its best!

### We do it right!

- Professional Delivery and Installation of all Swing Sets, Accessories and Play Zones
- Disassembly and reassembly of Swing Set (be it within your current yard, or to a new residence)

### Maintenance Plans Include:

- ✓ Fresh coat of clear sealer or stain to all wood parts
- ✓ Thorough safety inspection of all components
- ✓ Tightening of hardware as necessary
- ✓ Replacement of ground stakes as necessary
- ✓ Light sanding of any worn spots

Contact your local store for details on all service and maintenance plans.

## A Final Note on Safety

### Monkey bars over swings

All swinging accessories **MUST** be removed prior to using the monkey bars to eliminate Conflict of Play. Monkey bars over swings play feature has been excluded from the ASTM voluntary compliance standard F1148. Adult supervision is recommended.

### Intended product usage

All products listed in this catalog are intended for single family home/residential use only and are not intended for use in any public setting. Placement in any public setting constitutes a misuse of these products.

# Commercial Playgrounds

Commercial or **Public Playgrounds** refer to play sets designed for use in non residential spaces such as childcare facilities, home day cares with 6 or more children, home owners associations, religious institutions, swim or tennis clubs or any other public setting.

Purchasing a commercial playground can be a daunting task... But here, we hope to show you how simple the process can be!

## Determining Our Customer's Needs

When possible, we start by performing a **FREE** preliminary site visit. Our professional playground experts will survey the installation site, take the necessary measurements and help you decide exactly what type of a playground will best fit your unique available space and your budget.

**This will allow us to deliver the most detailed quote possible!**

Within just three to five business days, you'll receive a presentation featuring custom designed computer renderings of your new Commercial Playground. If you love what you see, we will waste no time turning your playground dreams into playground reality!

## Breaking Ground On Your Playground

### Entering the Pre-Construction phase.

When the decision to purchase the playground has been made, there are a couple of questions left to ask, but don't worry... we have the answers to both!

- If there is an existing playground in place... **WE WILL REMOVE IT!!**
- If the site is not sufficiently level... **WE WILL EXCAVATE IT!!**

# CONSTRUCTION PHASE

**Step  
#1**

## *Layout and digging the footing holes*

After the components are delivered, the first step is to lay out where the footing holes will go, and then dig them!

**Step  
#2**

## *Constructing the playground itself*

Once the footing holes have been dug, we can begin assembling your new playground!

**Step  
#3**

## *Pouring the concrete*

Each post is set into the footing holes and then anchored in place using concrete; ensuring a safe and rock-steady playground!

**Step  
#4**

## *Installing the safety surface ground cover*

Lastly we will install the safety surface approved ground cover of your choice for the final finishing touch!

## **Grand Opening Time!**

And that's it! A mere 72 hours after construction has been completed, you can break out the big scissors and ribbon, because it will officially be time to enjoy your brand new **Creative Playthings Commercial Playground!**

Creative Playthings playground safety features meet or exceed the national standards, and are designed to conform with the mandatory safety standards established by the U.S. CPSC in conjunction with the ASTM as described in government publications "Public Playgrounds Safety Handbook" Pub. No.325 and ASTM F1487.

# Playtime Accessories!

## Single Axis Tire Swing

This fun plastic tire will never stain clothes or collect water!

## Buoy Ball Swing

A creative way to swing that will also help to develop strength.

## Back-to-Back Glider

It takes teamwork to make this two person swing go!

**Stand 'N Swing** Older kids will love the challenge of swinging while standing up! Ages 4 & up.

## Spinning Wheel

Your child will spin and swing the day away on this fun accessory!

## Disc Swing

Children will thrill as they spin freely on this 360° swing seat!

## Traditional Swing Seat

Our tribute to the classic wooden swing will never splinter!

## Molded Infant Swing

The extended back will make even the littlest swingers feel secure.

**Bucket Toddler Swing** The 360° design completely envelops the child for maximum safety.

## Belted Toddler Swing

A fun option for little ones that have outgrown their infant swing.

## Ship's Wheel

Chart a course for adventure with this kid sized ship's wheel!

**Binoculars** What better way to spark the imagination that with this jumbo play binoculars?

# Add a Play Zone!

## The Final Touch

A **Play Zone** is an area around your Swing Set that transforms your yard into a safe and attractive play environment for your child. Every Play Zone is installed using molded plastic borders or rubber curbs, rubber or wood mulch and a protective layer of weed fabric.

**See your local store for full details and pricing!**

Please Note: Playtime Swing Sets are intended for residential use only. 10 Year Limited Warranty covers wooden components. 1 Year Limited Warranty on accessories.

**5 Colors of Rubber Mulch!**  
Wood mulch also available
