THE SUMMER CLAS

NT-1
NANOCERAMIC METAL SURFACE
PREPARATION PRE-WASH

NT-1 PRE-WASH

Each of our metal frames are pre-finished with a nano ceramic pre-wash to increase paint adhesion. This important step pits the metal surface creating 10 times the surface area to which the powder coat of paint bonds to. All finishes are a high-solids polyester, architectural-grade powder coat. The result is a paint finish that will last far longer than traditional powder coat processes.

Cast ALUMINUM

Superior grade molten aluminum alloy is hand-poured into a mold made from exceptionally detailed woodcarvings. Each casting is hand polished to provide a smooth, finished surface for painting. After a multi-step cleaning process, the furniture receives a baked-on powder paint coat, much thicker and harder than conventional wet paint, followed by a hand-applied antique accent.

SICS[®] DIFFERENCE

Wrought ALUMINUM

Features heavy tubing, strengthened at stress points with interior wall supports and galvanized steel inserts, triple hand-polished 360° welds, and a high-solids polyester, powder-coated finish. Available in six different finishes, our wrought aluminum products are as versatile as they are functional.

Stainless STEEL

At Summer Classics, we use a 304-grade stainless steel that has a high chromium and nickel content. This austenitic steel has both strength and corrosion resistance, making it ideal for a long life in outdoor applications. Our stainless steel receives 360° welds that are hand polished for maximum durability and a finished look.

THE SUMMER CLAS

N-dura[™] ULTRA HIGH
UV-RESISTANT RESIN WICKER

The most realistic and extensive UV-resistant protocol in the industry, *N-dura* resin wicker is guaranteed to not experience any significant color change for five years. Our ultra realistic resin varies in color and texture, making each piece unique. Available in resin, vinyl, or polyethylene, all *N-dura* wicker is memory tested to 50,000 compressions and is hand-woven over our steel-reinforced heavy-gauge aluminum extrusions with a triple antique hand-applied finish using nano-ceramic technology.

PLANTATION
HARVESTED

Teak

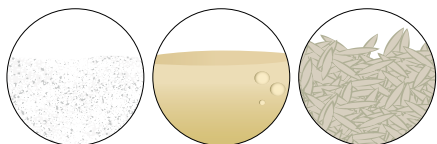

The finest teak in the world was sought out to design our wooden furniture pieces. Teak Collections feature plantation-grown, high-quality teak frames with mortise and tenon construction. All of our Teak Collections are available in Natural Teak and our Oyster Teak finish, which was designed to mimic the silvery gray patina teak develops as it ages.

SICS® DIFFERENCE

Resysta® WOOD RESIN

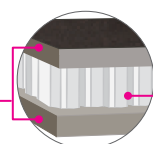

Resysta is an environmentally friendly resin product composed of rice husks, salt, and mineral oil. This innovative material requires minimum care and is weather resistant against the sun, rain, snow, or salt water, and is not affected by heat or humidity.

Superstone TABLES

Superstone is a five layer composite with two layers of cement fiberboard surrounding the aluminum honeycomb core. The UV top coat has high-performance bonding agents, with natural mineral granules. No sealant required.

5-Layer Composite
With 2 Layers of
Cement Fiberboard

Aluminum
Honeycomb Core

THE SUMMER CLAS

Outdoor ACRYLIC

A favorite of the indoors, Summer Classics has developed an acrylic that's sturdy enough to use outdoors. Our UV resistant grade of outdoor lucite is built to withstand the outdoor elements while offering the advantage of superior light transmission.

Outdoor SLING

The classic material uses a state-of-the-art quick drying sling, which provides an incomparable seating comfort. Strong, tear-proof, and UV-resistant, the mold-resistant sling is excellent when compared to other sling fabrics.

SICS[®] DIFFERENCE

COLORES[™] FABRIC

Exclusively designed and colored outdoor performance fabrics including Sunbrella[®] solution-dyed acrylics and fabrics using only the finest materials and technology for longevity outdoors.

Maintenance + CARE

Our durable and fade-resistant furniture covers are lined with a waterproof backing with reinforced, ergonomic handles and breathable vents to prevent mildew. Available in a textural heather gray fabric.

RECOMMENDED DESTINATION SPECIFICATIONS

10 YEAR WARRANTY FOR PRODUCT FRAMES

ALL ALUMINUM AND WICKER FRAMES HAVE A 10 YEAR WARRANTY FOR STRUCTURAL ISSUES SUCH AS WELDS OR BREAKAGE. SEE PRODUCT WARRANTY ONLINE FOR MORE INFORMATION.

Ocean

MARINE GRADE DESIGNATION

Collections showing the Ocean logo are designed for ocean front environments and salt water pools. All collections showing the Ocean logo can be used Inland.

Sink into the cloud-like comfort of the Montecito collection that features oversized proportions that add to this collections' intriguing aesthetic design. Inspired by the art of hand-woven basketry, the large wicker weave offers a relaxed look and feel to this low, linear profile frame. Our plush, ultra-dense, Trillium Cloud cushion offers optimal comfort as it mimics the characteristics of natural down but is entirely hypoallergenic. Montecito is finished in our UV-6tg resistant, N-Dura resin wicker for a worry-free experience with the look of natural materials.

With the 1950s beach look of vintage rattan furniture, the Newport collection brings the beauty of indoors to outdoor rooms. A subtle brush finish applied to the N-Dura Resin material adds a nice texture that gives the pieces a natural finish. This designer line mixes elegantly with other pieces in the White Label collection.

ASHLAND

This Collection is designed for use near the Ocean & other Salt Water Environments.

A modern take on the classic Adirondack style seating, our Ashland collection features a smooth texture and a sleek frame design that mixes nicely with a variety of collections. Handcrafted from our plantation grown, high quality teak with mortise and tenon construction, this collection is built to last. Available in natural teak as well as our exclusive oyster finish, developed to mimic the coveted silvery gray patina of aged teak giving sophistication to a classic concept

ATHENA *Plus*

This Collection is designed for use near the Ocean & other Salt Water Environments.

Relaxation was the goal when creating Athena Plus. This collection innovates by fully upholstering the frame in our woven, N-dura resin wicker over a water-resistant reticulated foam cushion core and a one-inch-thick foam backing. Offered in oyster and black walnut, this collection requires minimum care, making it the perfect worry-free outdoor furniture collection.

BENTLEY

Shown In #24 Oyster

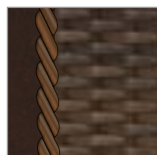

Relax in our Bentley Collection, where luxury meets low maintenance. Traditional with a twist, this collection innovates by fully upholstering the aluminum frame in our woven, N-Dura resin wicker over a water-resistant reticulated foam cushion core. Tapered aluminum legs and delicate curved arms give a unique elegance to a timeless design.

Teak

Shown In #4 Natural Teak

CHARLESTON *Teak*

This Collection is designed for use near the
Ocean & other Salt Water Environments.

Crafted from our plantation harvested teak, our Charleston teak collection pairs traditional silhouettes with timeless detailing and the very best outdoor fabrics from Sunbrella. Charleston is now executed in marine-grade teak, offering the same design in a material capable of withstanding harsh saltwater environments. Available in natural teak as well as our exclusive oyster finish, developed to mimic the coveted silvery gray patina of aged teak giving sophistication to a coastal design.

CLUB Woven

The Club Woven Collection of outdoor wicker furniture is our woven spin-off of the Club collection. Executed in our durable, woven, N-Dura resin wicker, this wicker is guaranteed to not experience any significant color change for 5 years. Varying in both color and texture, making the Club Woven collection truly unique and made to withstand weather's toughest elements.

CROQUET *Aluminum* Patented

Hand constructed from our durable, weighty wrought aluminum, our Croquet Aluminum collection embodies the refinement and elegance of the classic sport, Croquet. Our wrought aluminum has hand polished, 360-degree welds, completed in our ultra UV resistant powder-coated finish. Featuring graceful proportions and sweeping sculpted arms and curved back legs, the classical details on the legs add character and a timeless look for years to come.

CROQUET *Teak*

Patented

Our timeless Croquet Teak collection features a handsome, classic look with its hand-carved detailing. Each piece featuring sculpted arms and curved back legs, this outdoor teak collection is made from the highest quality marine-grade slow-growth teak, mortise and tenon construction and available in natural teak and our exclusive oyster teak finish, which was designed to mimic the silvery gray patina teak develops as it ages over time.

HALEY

This Collection is designed for use near the Ocean & other Salt Water Environments.

Premium teak in a chamfered lattice back design, our Haley collection adds a luxurious, timeless feel to any outdoor space. Haley is constructed using marine-grade teak, offering durability and water resistance, particularly near saltwater environments. The simplicity of the X back design allows Haley to be easily mixed with any teak collection. Available in natural teak as well as our exclusive oyster finish, developed to mimic the coveted silvery gray patina of aged teak giving sophistication to a classic design. Add our lush Dream cushion for extra comfort.

HALO

Shown In #2 Black Walnut

PROCEEDS BENEFIT OVARIAN CANCER RESEARCH

A percentage of all sales in this collection are donated to Ovarian Cancer Research. Collection and proceeds are in memory of our dear friend, Susan Lambeth, who represented Summer Classics for over 15 years.

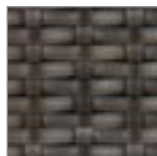

HALO

This Collection is designed for use near the Ocean & other Salt Water Environments.

No cushion, no problem. Our Halo collection provides tranquility and the utmost comfort as each frame is made to conform to the body. Completely covered in the most realistic and extensive UV-resistant protocol in the industry, N-Dura Resin wicker. Halo is made to endure the elements making it perfect for coastal and lakefront use and a contemporary alternative to the Adirondack chair. Designed by Robert Taunton, Halo offers luxury simplicity.

HAVANA

Unexpected, yet timeless, our Havana collection offers a new take on outdoor furniture. Inspired by open cane weaving, but updated in all-weather, natural resin wicker, plays a textural counterpoint to the black aluminum frame. The gently curved silhouette of this collection play part to this sleek and mid-century modern design.

KENNEBUNKPORT

Reboot of the Summer Classics collection circa 1999, Kennebunkport, originally made in pine wood, now designed in aluminum, offers a modern take on this classic design. The beauty of this collection is the versatility to be used individually or to mix with multiple other collections. Crafted using Summer Classics' premium, wrought aluminum and a powder-coated finish, this collection offers a timeless look to any outdoor space.

LATTICE

Simple and classic lines form the timeless “x” back pattern that lends its name to our Lattice collection. This classic pattern is distinguished by graceful proportions and the ability to translate into an array of architectural and industrial designs. Formed in detailed wooden molds and smoothed to perfection, our cast aluminum is finished in a powder-coat finish allowing it stand the test of time.

PROVANCE

Shown In #31 Slate Gray

PROVANCE

Shown In #2 Ancient Earth

PROVANCE

Classically designed from our cast aluminum, a superior grade molten aluminum alloy is hand-poured into a mold made from exceptionally detailed wood carvings. Each casting is hand polished to provide a smooth, finished surface for painting. After a multi-stepped cleaning process, each piece receives a baked-on powder paint coat, much thicker and harder than conventional wet paint.

REGENT

This Collection is designed for use near the Ocean & other Salt Water Environments.

Featuring a contemporary woven design crafted out of our N-Dura Resin, the Regent collection makes a statement with its intricately twisted design across the back and arms of the frame to create a unique pattern. All of our wicker is memory tested to 50,000 compressions, each piece is hand-woven over our steel-reinforced heavy gauge aluminum extrusions with a triple antique hand applied finish using nano-ceramic technology:

Swivel Lounge Is Patent Pending

Sturdy, timeless and built for year around living, the Rustic collection brings a beautiful elegance to any outdoor space. The wicker is made with the most extensive UV resistant protocol to date, N-dura™ resin. For additional durability, the N-dura™ wicker is memory tested and hand woven over heavy gauge aluminum, individually finished with an antiqued application and fine braiding detail to ensure quality and style.

SANTA BARBARA

This Collection is designed for use near the Ocean & other Salt Water Environments.

Inspired by the natural beauty of the California coastline, Santa Barbara combines a contemporary design with the natural beauty of teak. Constructed using marine-grade teak, Santa Barbara is perfect for saltwater environments, offering durability and resistance against weather's toughest elements. The gently curved silhouette of this collection plays part to this sleek and mid-century modern design. Santa Barbara is offered in natural teak for a classic look or oyster teak made to mimic the aging of teak in a gray patina finish.

*This Collection is designed for use near the
Ocean & other Salt Water Environments.*

SKYE

Shown In #24 Oyster

Our stackable Skye wicker collection has cloud-like curves and is fully woven for worry-free coastal enjoyment. Skye is crafted from a 6mm hand-woven, N-Dura flat resin weave, making it light and airy. Choose between the lux Black Walnut brown or cool Oyster gray color, both guaranteed to fit comfortably into any color scheme and allow for endless design variations.

*This Collection is designed for use near the
Ocean & other Salt Water Environments.*

SOHO

Shown In #83 Raffia

The Soho collection captures the relaxed nature of outdoor living with the organic texture of the woven wicker. Featuring a bohemian inspired woven design crafted out of our N-Dura resin, this collection makes a statement with its intricately twisted design outlining the frame and the open diamond weave revealing the tailored upholstery.

SOMERSET

Shown In #2 Ancient Earth

SOMERSET

Featuring a romantic cast aluminum design, Somerset features a whimsical design on its contoured back frame. This classic design features stackable dining chairs and a scooped high back, in our never-rust cast aluminum that is finished in an architectural grade powder coat, 10 times thicker than traditional wet coat paint. Add our Dream Cushion for additional comfort.

VILLA

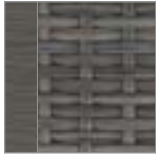

Shown In #31 Slate Gray

VILLA

Lightweight, stackable and comfortable even without a cushion, our Villa collection is a transitional and multifunctional worry-free dining option. Made of durable wrought aluminum and N-Dura resin wicker, it features a woven wicker back and seat and scalloped armrest for subtle detail. While contributing to style, the tall back also creates optimum comfort so that your head is supported.

COM FABRIC *Customer Owned Materials*

A customer can send us their own material (COM) to apply to our umbrellas. COM yardage may vary if the fabric does not have a plain pattern or is a solid color. We cut our umbrellas from a pie shaped pattern to maximize the usage of the fabric. You will find a brief example below. If you look at the fabric and if all the “pie’s” can not be used for one umbrella, you will need to double the yardage. If the fabric is railroaded, you will need to add extra yardage as well. Please contact the factory to find out the actual COM yardage required if the fabric has a pattern. Non symmetrical stripes will require additional yardage.

For example, the lightning bolt fabric pattern above would need double the regular yardage for COM since the lighting bolts would go in the opposite direction on half of the umbrella panels.

Please use the chart below to determine COM requirements for plain, solid color fabrics for canopies with single vents. Contact the factory for additional yardage required for double vents or other special patterns.
NOTE: If fabric is not sent in full pieces, additional yardage is required.

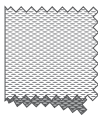

UMBRELLA SIZE	UP THE ROLL YARDAGE	RAILROADED YARDAGE
8 FT DIAMETER	8	11
11 FT DIAMETER	12	15
7 1/2FT SQUARE	12	15

Our warranty does not apply to any COM fabric. We do not guarantee the fabric against fading, tearing, mildew, unraveling, or any other condition that would make the umbrella unserviceable.

Reticulated Foam CUSHIONS

Most of our cushions are offered in a reticulated foam core option. The reticulated foam allows for easier water drainage, reducing drying time. The reticulated foam core has a density rating of 1.8 and an indentation load deflection of 30. This combination allows for a very comfortable sit.

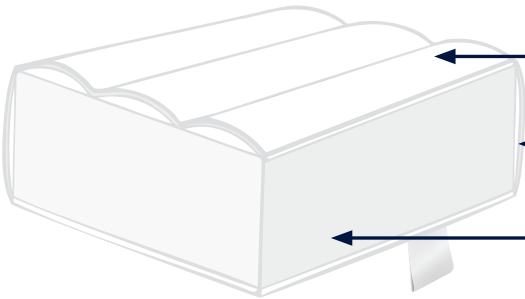

- Bonded Fiber
- High Density Reticulated Foam
- Bonded Fiber

Dream CUSHIONS

Dream Cushion™ by Summer Classics offers 1.8 density high resilient and California Fire Rated Foam for maximum comfort. Our woven, water-resistant jacket features a "pillow top" of blown-fiber channels providing the utmost quality and softness. Soft, durable, and water-resistant, this is truly the perfect cushion.

- "Pillow Top" For Maximum Softness
- Woven Water Resistant Jacket
- High Density Premier Foam

FABRIC & CUSHION MAINTENANCE

All Summer Classics fabrics are designed specifically for outdoor use and are naturally resistant to stains and fading. Prior to cleaning, we strongly recommend contacting the fabric manufacturer for specific cleaning instructions. Many household cleaning agents are harmful to the color and life of a fabric, and cleaning instructions can vary depending on the nature of the stain. In the catalog and pricelist, the fabric manufacturer is listed after the fabric number and grade.

COLORES™
Exclusive Fabric Collection

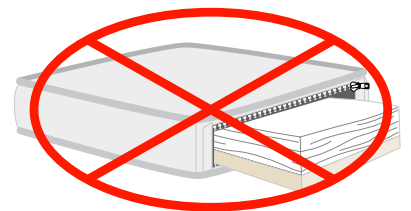

Any Fabric sold by Summer Classics is to be "SPOT CLEANED ONLY" Fabrics are not suited to machine washing, machine drying, or dry cleaning.

TO CLEAN: For standard maintenance, we recommend cleaning SC Fabrics with water-based cleaning agents or water-based foam to remove overall soil.

FOR REGULAR CLEANING: Frequently vacuum or lightly brush to remove dust and grime.

✓ PLEASE NOTE

Zippers are included for cosmetic purposes and added drainage only. **DO NOT REMOVE THE FOAM CORES** due to the tight fit and the difficulty with repositioning them when reinserted.

Waterproof FURNITURE COVERS

Made using Heather Gray solution dyed polyester fabric

Summer Classics premium furniture covers are designed with durability and style in mind. Our durable and fade resistant outdoor fabric is lined with a waterproof backing. Our covers have reinforced, ergonomic handles and breathable vents to prevent mildew. The fabric is colored in a textural heather grey to minimize visual impact when left on. Click-close straps tighten to secure cover for windy days. Covers come in 3 lounge chair sizes, 2 sofa sizes, a chaise cover, a coffee table cover, and round and rectangular dining sets.

Covers are available in 7 different sizes for a better fit. All feature:

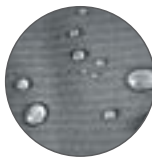

Easily Clips To Frame

Umbrella Hole And Zipper

Cord Lock Closure

Water Proof Fabric

CARE & MAINTENANCE

Cleaning & Care MAINTENANCE PRODUCTS

MULTI-PURPOSE

CLEANER

PNT-00362

Removes dirt, stains and moisture from surfaces. Suggested for use on fabric, resin, wicker, iron, and aluminum. Prior to cleaning spot test on a small area.

FABRIC PROTECTOR

PNT-00367

Protects fabrics from dirt, stains, and moisture.

STAINLESS STEEL KIT

SHIELD

PNT-00366

Protects Stainless Steel and helps to prevent corrosion. Helps to keep Stainless Steel shiny and free from rust. Includes anti corrosion Inhibitors which form an invisible shield to prevent corrosion.

RUST REMOVER

PNT-00366

Cleans and removes corrosion, cleans and restores in one treatment. Fast acting and easy to use. Not to be used on sandblasted or glass-blasted Stainless Steel.

TEAK

PROTECTOR

PNT-00360

Maintains the original, honey brown color of Natural Teak for a longer time.

SHIELD

PNT-00361

Makes Teak and other hardwoods repellent to water and moisture. Helps to prevent stains caused by food and drinks.

CLEANER

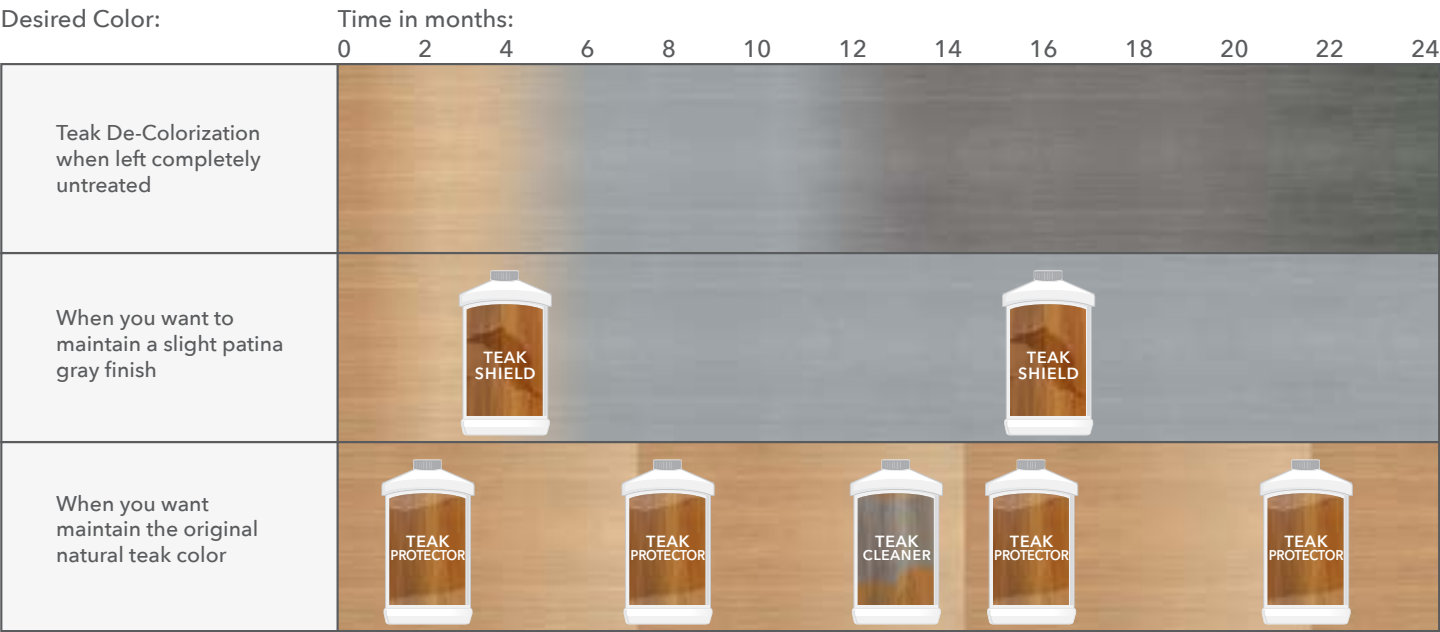

PNT-00359

For the restoration of Weathered, Gray Teak and other hardwoods. Cleaner & Brightener in one.

DE-COLORIZATION OF TEAK OVER TIME:

- Please note:
- Teak Shield is safe to use on natural and finished teak; it can minimize, but not eliminate the movement of teak oil from the wood surface to the cushions.
 - Teak Protector contains pigment to maintain the honey brown color of natural teak. If used on finished teak the protector can change the finish to have a yellow-ish undertone. It is recommended to only be used on Natural Teak products.
 - Teak Cleaner should never be used to maintain finished teak, including Oyster Teak Finish.

NEW TEAK

OLD TEAK

Teak de-colorization occurs naturally and does not affect the structural integrity of the product. Diagram shown is an estimate and will vary based on geographic location and climate.

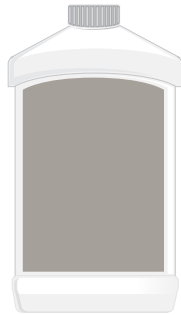

CARE & MAINTENANCE

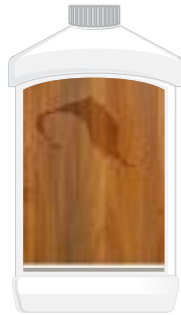

NEW (UNFINISHED) NATURAL TEAK

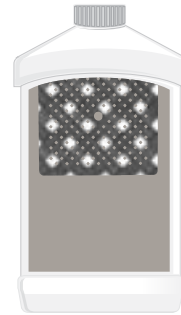

TEAK PROTECTOR PNT-00360

Maintains the original, honey brown color of Natural Teak for a longer time.
Do not use on any finished teak.

TEAK SHIELD PNT-00361

Makes Teak and other hardwoods repellent to water and moisture. Helps to prevent stains caused by food and drinks.

TEAK CLEANER PNT-00359

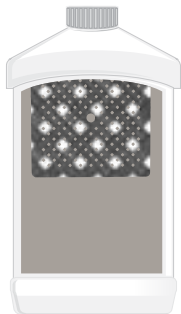

For the restoration of Weathered, Gray Teak and other hardwoods. Cleaner & Brightener in one.

NATURALLY AGED (UNFINISHED) TEAK

TEAK SHIELD PNT-00361

Makes Teak and other hardwoods repellent to water and moisture. Helps to prevent stains caused by food and drinks.

TEAK CLEANER PNT-00359

For the restoration of Weathered, Gray Teak and other hardwoods. Cleaner & Brightener in one.

GLOVES

EYE
PROTECTION

CLEAN
WATER

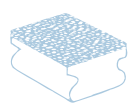

LIGHT
SANDPAPER

FLOOR OR GROUND
PROTECTOR
(PLASTIC OR THICK CLOTH)

CLEAN
CLOTH

APPLICATION
PADS

THINGS TO KNOW ABOUT TEAK & CLEANING

- Teak is the best wood to use in outdoor furniture and any other marine grade applications due to the high oil and rubber content in the wood. The high level of oil and rubber in the wood helps prevent the wood from rotting but all natural wood will grey when exposed to the outdoor environment.
- Black spots on the product after being exposed to the outdoor environment are a result of humidity in the wood and feed natural mold spores. These spots can be cleaned and should not be considered a defect.
- Before using our teak care products, you must ensure you have an environment suitable for refinishing.
 - You must clean all teak product on a disposable plastic or thick fabric drop cloth so you do not stain the surface while you are cleaning your products.
 - The teak cleaner, protector, and shield may affect grass, plants and some types of flooring or pavement.
- Nearly all teak treated with normal teak oil will weather in 4-8 weeks.
- Do not use a spray bottle to apply cleaner, protector or shield. Such may over apply an area and create chipping and wood bubbling.
- If you have a rough area and prefer smooth teak you may use a fine sand paper and or a piece of standard cardboard to sand down the wood to a smooth touch.
- Do not use power sanding as heating may cause dark marks on the wood.
